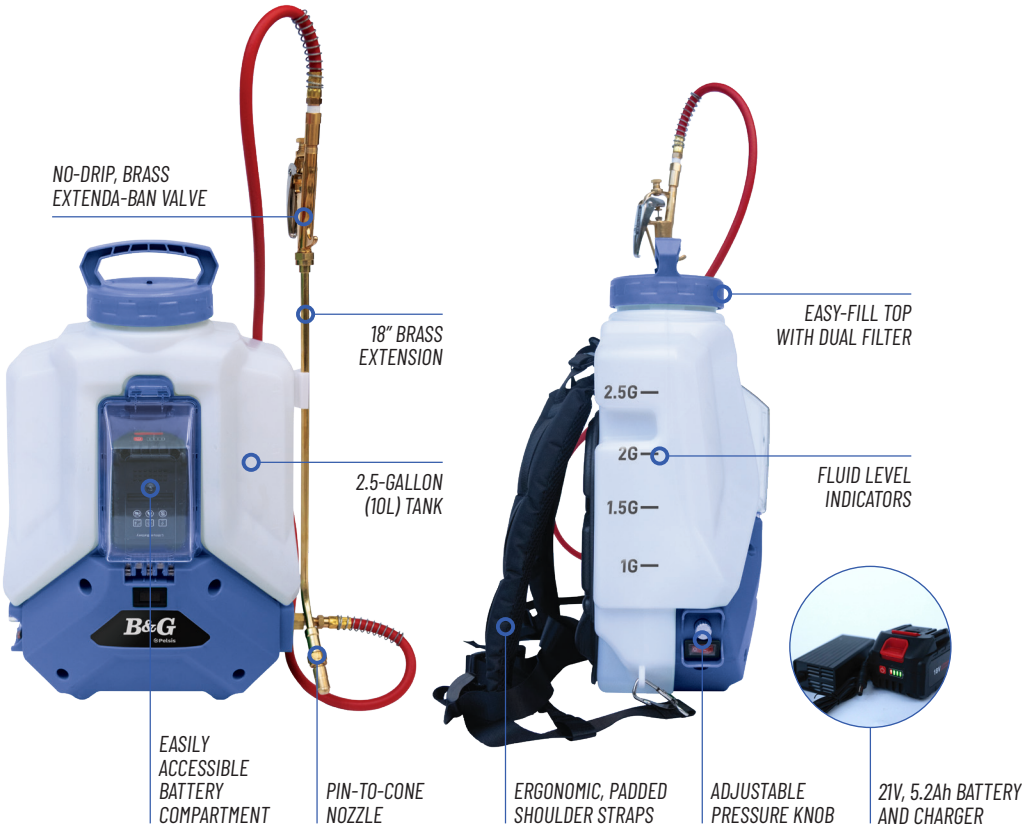
NEW

BACKPACK SPRAYER



The B&G Backpack Sprayer delivers reliable power and precision on every job. Its ergonomic, lightweight 2.5-gallon size and padded backpack straps minimize fatigue, allowing you to work longer and more comfortably. This sprayer features our trusted, rebuildable Extenda-Ban valve and a powerful 21V, 5.2Ah battery, ensuring maximum efficiency and a long lifespan.

FEATURES & BENEFITS

TRUSTED, REBUILDABLE EXTENDA-BAN VALVE

The heavy-duty brass Extenda-Ban valve is made with Viton seals and features a non-drip tip. It's completely rebuildable and designed for years of reliable service.

VERSATILE SPRAY CONTROL

Comes with pin-to-cone nozzle for a variety of applications and a spray distance of up to 25 feet.

ADJUSTABLE PRESSURE

Use the knob to quickly adjust pressure from 10-95 PSI.

RECHARGEABLE & INTERCHANGEABLE BATTERY

Rechargeable battery delivers up to 5 hours of continuous use. Easily check the charge level with the integrated indicator. Compatible with select commercially available battery brands.

PRIMELINE ACCESSORIES COMPATIBILITY

Compatible with a wide range of Primeline sprayer accessories.
