Certificate of Compliance Requirements

Cost \$79.95

The following information and photos are required by Liquid Surge Control, LLC to provide you a Certificate of Compliance designed to support VIPR/IBPA's requirements for Water Tender baffling.

DATE _____

OWNER OF TRUCK _____

CONTACT PERSON _____

PHONE # _____ EMAIL _____

TRUCK OWNER PHYSICAL _____

ADDRESS (No PO Box) _____

TRUCK DETAILS

YEAR _____ VIN # _____

MAKE _____ MODEL _____

PHOTOS/ DOCUMENTS REQUIRED

- ☐ VIN# of truck, door post sticker showing legible VIN#, registration card or title.
- ☐ Full side view of truck/tank.
- ☐ Rear view of truck/tank.
- ☐ Copy of receipt showing the number of Surge Busters installed in the tank.
- ☐ Tank placard showing gallonage capacity of tank*.
- ☐ If there was a previous certification issued on the tank, please email that as well.

*If no placard exists, provide a copy of the certified weight slips (empty and completely filled), sales invoice or manufacturer's spec sheet. *If using weight tickets, the tank must be totally filled!*

WARNING

State weight restrictions are irrelevant in determining the number of Surge Busters required. Without the correct number of Surge Busters, **the warranty is void**. See Surge Buster calculator or call for more information.

All information must be submitted via email to orders@liquidsurgecontrol.com. Information and photos sent through text messaging will not be processed.

WARNING

This certification is only valid if the truck/tank is being used exclusively for hauling water. If the truck/tank is used for other liquids (salt brine, fuels, DEF, etc.) during other portions of the year, this certificate may be invalid. Surge Busters may be damaged and warranty will be void.
